This letter of recognition remains in effect until such time it is surrendered by the Academy of Model Aeronautics or revoked by the FAA. Any changes to any of the conditions, statutes, or organizational safety guidelines, as listed in §44809(h) and submitted in the application for recognition, should be reported to the FAA's Flight Standards, General Aviation and Commercial Division, Special Programs Section (AFS-830 SPS) at 9-afs-800-correspondence@faa.gov for evaluation.
